The End of an Era

Dear Inner Light Wellness Friends and Family,

It is with a heavy heart, and deep gratitude, that I share the news of my early retirement as your acupuncturist. A recent medical diagnosis has led me to make this difficult decision. After much reflection, I've chosen to sell Inner Light Wellness to an amazing new owner and begin the next chapter of my life.

The good news? Inner Light Wellness will continue in the spirit and quality you've come to know with a highly qualified, experienced new practitioner who is ready to care for you with the same dedication and heart.

I've sat with this letter for a long time, struggling to find the right words to express what it has meant to be part of your lives. The truth is that words fall short. It has been my deepest honor to work with you, your families, and your friends and to witness your healing, your growth and your resilience. You've made me laugh, inspired me, and moved me. My heart is full, and yes, it's also a little achy. But that ache is just a sign of how much you all have meant to me.

Now, for the brighter part of this story: after a nationwide search, I've found an incredibly special *local* team to carry the torch forward.

Meet the New Team

I'm thrilled to introduce **Rosanna Giuliani, L.Ac.** as the new lead practitioner here in Exton! Some of you have already met Rosanna at the clinic, as we have begun the transition process starting in early July. Rosanna is not only a trusted colleague but has been my personal acupuncturist; successfully relieving my low back pain last year. As it turns out, Rosanna is also my friend, having met her in 2018 when we began studying Neuro Acupuncture together

in New Mexico. We both continued studying together to certify as level 3 practitioners. You can imagine how happy I was when I learned of the opportunity to have Rosanna as the new lead practitioner at Inner Light Wellness!

Rosanna is an experienced acupuncturist whose skill set I greatly admire. She brings advanced training in neurological, orthopedic, and auricular acupuncture along with her own thoughtful, grounded style of care. While her technique is like mine in many ways, she brings her own depth of knowledge, having studied with leaders in the field of neurological acupuncture to help patients find relief from a multitude of chronic and acute health issues. I can't think of a better practitioner to continue caring for this community, and she is just as enthusiastic about stepping into this role.

-

Also joining the Inner Light Wellness team is Dr. Grace Rollins of **Bridge Acupuncture**, a well-respected, highly successful acupuncture clinic based in Doylestown, Bucks County. Grace has owned this thriving practice since 2008 and specializes in both neurological and Japanese -style acupuncture. Grace will serve as the new owner and clinical advisor of Inner Light Wellness. Her experience in creating one of the standout multi -specialty acupuncture clinics in the country will ensure that Inner Light Wellness will continue to serve patients with the care you've come to expect.

Grace and Rosanna became colleagues, clinical collaborators, and cycling buddies through their mutual interest in Neuro Acupuncture. Grace's passion for world-class neurology-focused acupuncture now includes supporting Rosanna in her transition to Inner Light Wellness, and she couldn't be prouder to be on the team.

What to Expect

I'll continue working through **August 18**, helping Rosanna settle in. She will be the official practitioner from that date forward. I'll also be filling in while she's on a previously scheduled vacation from **August 29 through September 10**, so you'll still have time to come in, say hello to Rosanna, and, if you'd like, say goodbye to me in person through September 10.

Our priority is to provide you with a seamless transition, preserving your uninterrupted access to exceptional care. Beloved patient coordinators, Valerie and Taylor, will remain on staff to provide the customer service you have come to rely on; only the practitioner will change. Inner Light Wellness will continue with the same address, phone number, website, and warm atmosphere you know and love. Under the new ownership of Dr. Rollins, Inner Light Wellness will become the custodian of your patient records as of August 18, but if you'd prefer to request a copy for yourself or decline to have them transferred, just let us know by sending an email to: info@innerlightwellness.net.

Thank you, truly, for letting me be a part of your lives. I'll carry these memories with me always.

With love and gratitude,
Margaret
